Free Mouth Guards for Fairfield* Athletes

**And surrounding towns*

Program

Dr. Rudolph wants to help Fairfield athletes protect their teeth.

Did you know that **5 million teeth** are knocked out each year during sports activities? Studies show that if you are involved in a contact sport and you aren't wearing a mouth guard, you're 60 times more likely to sustain a dental injury. It's painful, it's expensive and it can ruin a fun game season.

Dr. Rudolph is offering this **free service** to members of our Fairfield community and surrounding towns. Our custom, professional-grade Mouth Guards provide:

- Superior Protection
- Increased Durability
- Improved Comfort for improved breathing and speaking
- Much better performance than "boil and bite" sporting goods versions

Let's keep Fairfield's teeth where they belong—and not ruin a fun sports season.
